

## 2. semester ST/SE Videregående Objektorienteret Programmering Lecture 07

### Preparation for Lecture 07

Start by repeating the basics we learned during lecture 6 by doing the following exercise.

Find it here, Plans->VOP->VOP-7->VOP-7 (Preparation)- "WordCounting.zip"

- ✓ Unzip "WordCounting.zip" and find "ReadMe.md" under "Exercise" project. Follow the instructions and complete the programming task.
- ✓ The solution is also provided as "Solution" project
